Mr. Denis R. Berger
790 Grand Concourse
Brinx 51, N.Y.

Dear Mr. Berger,

Yours is a thoughtful and kind letter. I thank you for it.

At the moment, when we cannot even be specific about dates, all I can express is my willingness. I spoke at the Student Union at the University of Maryland summer session several weeks ago, and I must say I found the concern of these representatives of your generation quite encouraging. Two hours were scheduled, and I saved about half for questions. We ran about two hours and a quarter over time.

Should your groups decide to go ahead, and should your faculty advisers have any interest, they might, perhaps, want to ask ~~the opinion of~~ Mr. Basil, director of the Student Union at College Park some questions. I'd have no objections.

Again, thanks for your thoughtfulness. In haste,

Sincerely,

Harold Weisberg
